

# Green Campus

## CHARTER

### Litter and Waste Theme

- Bins throughout College
- Green Bin in every room & Canteen
- Paper
- Plastic
- Tea/Coffee Cups (empty and clean)
- Packaging
- Cans
- Glass Bottle disposal (staff Room)
- Compost Caddies in staff Room & Student Room
- Food (all types; hot composter)
- Green bin in classrooms
- Paper and Plastic & Cardboard
- Weee Batteries recycling

### Composting

There are two composting bins. A caddy bin has been placed in the canteen and in the staff room, collecting all organic materials for the Hot Bin composter (inc. cooked food, leftovers, meat & bones).

### Mains Water Filter

A water filter has been installed into the staff room & canteen. All students are encouraged to refill their reusable steel drinking bottles they were issued with at the beginning of the year.

### Paper

Printing in classrooms

- Limited printing credit available to students at the beginning of the year
- Further Printing credit can be purchased at a disincentivised higher cost
- ONLY PRINT ONCE
- Printing on both sides of the paper (instructions by printers)
- Make sure you collect your printed work before you leave the room

### Moodle

All classes have access to Moodle. Notes and Assignments are uploaded onto Moodle thus radically reducing photocopying and paper consumption in the College. Similarly, Student submissions are made paperless and online
